Our Core Services

## About Us.

NEOSTRUCT Technical Services LLC – Sole Ownership (SOC) is a UAE registered technical services company providing specialized construction, engineering, and maintenance solutions across the United Arab Emirates. The company is focused on delivering reliable, safe, and high-quality services to contractors, developers, commercial establishments, and industrial facilities.

With a team of experienced engineers, supervisors, and skilled technicians, NEOSTRUCT ensures that every project is executed with technical precision, efficiency, and strict compliance with UAE industry standards.

## Why Choose NEOSTRUCT

- Skilled and experienced workforce
- Commitment to quality and safety
- Efficient project execution
- Competitive pricing
- Strong technical supervision

# Vision , Mission & HSE Policy

## OUR VISION

To become a trusted and leading technical services provider in the UAE, recognized for quality workmanship, reliability, and professional excellence.

## OUR MISSION

To deliver high-quality construction and technical services through skilled manpower, modern techniques, and strong commitment to safety and client satisfaction.

## HEALTH, SAFETY & ENVIRONMENT

Safety is a key priority at NEOSTRUCT. All works are carried out in compliance with UAE safety regulations and international HSE standards. Our workforce is trained in safe work practices, risk assessment, and proper use of personal protective equipment.
